

# Learning Our Lessons

**Activity:**  
Look back at some of your other EAT placemats and choose some scriptures that mean a lot to you. Write them in the chalkboard. Practice memorizing these Bible verses by covering up one word at a time until you can say the whole verse without seeing any of the words. Put this chalkboard (like this chalkboard) somewhere special (like on the refrigerator) so that you can be reminded of them. Try to say each verse three times each day.

Day  
24

tic tac toe!

"Teach me, O Lord, to follow your decrees; then I will keep them to the end. Give me understanding, and I will keep your law and obey it with all my heart."  
Psalm 119:33-34

**Devotion:** How do you learn things for school? You memorize vocabulary words, you practice math problems, and then you take a history test. God wants you to learn from His Word, too, and you can do it in the same way. Memorize Bible verses so that you can always keep them in your heart. Then, put them into practice. Try being a servant to your brother or sister. Obey your mother and father—the first time. Then you will be ready for the test. When it is really difficult to do the right thing, you'll be prepared because you will have God's word memorized and in your heart and because you have already practiced what He asks us to do.

My Journal

Children  
around the  
world

**Children of Uganda**  
Uganda is a country in east Africa. A typical Ugandan meal consists of matoke (made from bananas), bread made from millet flour, and sometimes chicken or beef stews. Uganda has undergone great turmoil in the past but is becoming more unified. However, fighting still takes place in part of the country. Pray that Ugandan children will find shelter during war and that they will be kept safe.

**Record in your journal** your favorite thing you did, or saw, or ate today. Write down someone you would like to pray for.
